

REMARKS

The present amendment is presented to correct minor deficiencies in the Amendment filed herein on May 4, 2004. In particular, claim 6 has been amended herein to place claim 6 in proper grammatical form, and to properly identify the status of new claims 7-9, which were previously presented in the Amendment filed on May 4, 2004 (and believed to be still considered new at this time, as this Amendment is merely supplemental to the Amendment filed on May 24, 2004). The present amendment is believed not to introduce new matter. Claims 1-9 are now in the application.

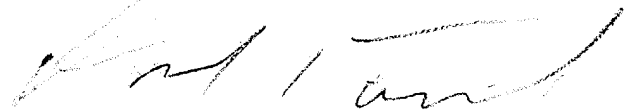

In view of the foregoing, it is respectfully submitted that the application is now in condition for allowance, and early action and allowance thereof is accordingly respectfully requested. In the event there is any reason why the application cannot be allowed at the present time, it is respectfully requested that the Examiner contact the undersigned at the number listed below to resolve any problems.

Respectfully submitted,
